I Safe Routes to School

CHAPTER CONTENTS

School Route Exhibits

SAFE ROUTES TO SCHOOL

Glenwood Springs last completed a Safe Routes to School (SRTS) audit and improvements report as part of a larger study for the Roaring Fork Valley in 2007. As part of this multi-modal transportation plan, the following high-level exhibits were prepared to help evaluate the adequacy of Safe Routes to School for each of the public schools in Glenwood Springs. Each of the exhibits looked at suggested routes, nearest trail location, marked crosswalks, stop sign location, traffic signal location, bicycle parking at each school, challenging intersections, and parent or bus loading zones. This evaluation was completed for each of the following schools:

- Sopris Elementary
- Glenwood Springs Elementary
- Glenwood Springs Middle School
- Glenwood Spring High School
- Yampa Mountain High School
- Two Rivers Community School

Suggested Routes to:
Glenwood Spring Elementary School

- Suggested Route
- Trail
- Marked Crosswalk
- Bicycle Parking
- Stop Sign
- Traffic Signal
- Challenging Intersection
- Parent or Bus Loading Zone
- Parks
