## **NEWS RELEASE**

August 9, 2018

### **Parks and Fire Departments Conduct Fire Mitigation Work**

GLENWOOD SPRINGS, CO – The City of Glenwood Springs is planning Wildfire Hazard fuels mitigation projects August through November 2018. The work will be done on City property some of which abuts private property within City limits. The work consists of removing, thinning, and liming up of wildfire hazard fuels to help reduce the spread of fire.

Planned work for 2018:

**Veltus Park** – Reduction of fuels around the upper bathroom structure and maintenance in the area where the larger fuels were removed last summer

**9<sup>th</sup> Place and Waltz Ave** – Create a fuel break to the West of the homes in this area on City property below the Red Mountain Water Plant

**Oasis Creek Subdivision** – Vegetation removed and thinned in the drainage that is accessed via North Transfer Trail Southeast of the intersection of West Harvard Drive and North Transfer Trail and the northern most end of North transfer trail

If you have questions or concerns about this work, please contact:

- Glenwood Springs Fire Department, 970-384-6480
- Glenwood Springs Parks Department, 970-384-6315
- City Contractor for Fire Mitigation, Ron Biggers, 970-618-6119
